**Subject: Declaration about shelf life extension**

Product: TOMATO PASTE ELVEA in 800g metal can with BBE 31/07/2024 LOT F205

We hereby certify that chemical-physical requirements and visual characteristics of the above mentioned goods are suitable for human consumption after expiry date and the shelf life could be extended until 31/12/2024.

Please consider that new suggested shelf life is suitable to maintain unchanged product characteristics and microbiological stability. However, stability of the product is strictly connected with storage and packaging condition which are suitable to preserve its original characteristic.

This declaration is valid for mentioned product and no longer than 31/12/2024.
